Attn: Mr. Mario Diaz
RE: Az. Board of Chiropractic Examiners

Dear Mr Diaz;

It has come to my attention that governor Napolitano is seeking increased diversity in the make up of all state boards. I think the world of James Badge and Bill and I support his appointment to another term on the Arizona Board of Chiropractic Examiners. He has always served with a commitment to doing what is right for the people of Arizona and our profession.

However, should Governor Napolitano choose not to appoint him, I would like to be considered for the position. I offer the unique prospective of a female practicing in rural Arizona. In the seventeen years I have practiced in Arizona, I am unaware of any chiropractor from Mohave County serving on this board. I began my career in Scottsdale and later practiced in Prescott. I have practiced in Mohave county for over fifteen years. Therefore, I have an understanding of the practice of chiropractic in metropolitan as well as rural settings and the subtle differences and challenges associated with each.

I have been a member of the Arizona Association of Chiropractic since I began practicing and have witnessed the successes and struggles of our professional associations. I served as a district delegate in my early years of practice. While, I have not been active upon the AAC Board in recent years, I continue to have strong ties within the AAC and feel confident that my appointment to the Chiropractic Board of Examiners would be supported by the current AAC Board.

I served as the Secretary/Treasurer for the American Board of Chiropractic Consultants for the previous six years and in that capacity have gained knowledge of the dynamics of serving on examining boards.

Attached is my application and curriculum vitae. Please contact me at my office 928-757-2800 if you require additional information. Please be aware that I will be away with my family on vacation August 2 through August 10. However, you may reach me during those dates, if necessary, by leaving a message with my office and I will return your call.

Sincerely,

Dianne Haydon, D.C.
